

Some moments you  
simply shouldn't miss...  
**so why not stay in  
one of our new  
Parenting Suites?**

DISTINGUISHED  
BY COMMITMENT

**NORTH SHORE**  
PRIVATE HOSPITAL

## North Shore Private Hospital now offers parenting suites to provide couples the opportunity to stay together in hospital after the birth of their baby.

Parenting suites are designed to enhance your postnatal experience by enabling partners to stay and be totally involved in the care of your newborn baby.

Parenting suite accommodation includes:

- Double bed
- All meals for you and your partner, including morning and afternoon tea
- Complimentary toiletry pack for partners

To be eligible to stay, partners are requested to read and sign the parenting suite 'terms and conditions'. This is to ensure the safety of your baby and the privacy of the patients in the maternity ward.

If you wish to stay in a parenting suite, please inform your Midwife on admission who will be happy to assist you. There is an additional charge to stay in a parenting suite and this is not rebatable from your health fund.

Please contact Maternity Bookings for further information.

Maternity Bookings:

**02 8425 3950**
